

Federigo Enriques Prize 2016

Art. 1

UMI (Mathematics Italian Union) in agreement with Enriques Study Center (CSE) announce Federigo Enriques Price, for a doctoral thesis which contains original and very relevant research results on subjects connected to Federigo Enriques' mathematical thought.

Art. 2

Those eligible to apply are doctoral researcher who has obtained the title with a doctoral thesis on mathematical topics during the two years prior the day of the dispatch of this call.

Art. 3

Applications shall be submitted no later than 31th December 2016 o the mail address dipmat.umi@unibo.it. Application shall contain a .pdf copy of the thesis and of its summaryt of maximum 10 pages, which highlight the most original aspects. Texts may be presented in any Community language. If the language of the texts will be different from Italian, Castilian, English or French, a translation of the original documents in one of these languages must be attached to the application. Electronic format copies of both thesis and summary shall be sent no longer the above-mentioned deadline to the UMI email dipmat.umi@unibo.it.

Art. 4

The prize of 2.000 euro, indivisible, will be awarded through the unquestionable judgment of the committee, consisting in 5 members. One of them will be The UMI President, who will preside over the committee itself, while the other 4 members will be mathematicians appointed by the UMI Scientific Commission, taking into account the proposals from CSE. Committee reserves the right to abstain from awarding the prize, if none of work presented is considered to have reached the required standard.

Art. 5

The prize will be awarded during the UMI Shareholders Meeting that will take place in May 2017.

Art. 6

UMI reserves the right to publish the winning dissertation, all or in part, without any further compensation being paid to the author.

Art. 7

The participation in the prize competition implies acceptance of the present regulations.
